Don't worry about technology...just get MAD

MAD Technology Solutions Opens for Business

Harrisburg, PA - April 3, 2006 – MAD Technology Solutions officially opened its doors for business Monday morning. MAD Technology Solutions is a technology-based consulting firm specializing in providing low cost, high quality, professional technology solutions and services to businesses of all sizes. By utilizing a customer centric approach, MAD Technology Solutions will deliver technology solutions and services that match your exact business needs.

MAD Technology Solutions offers a wide range of technology solutions including: Corporate Web Development; Customized Software Development; Data and Information Management; Desktop and Server Systems; Document Management; Management Reporting and Project Management. In addition, MAD Technology Solutions offers many flexible service plans covering on-site and remote hardware and software support, end-user support and senior level strategic technology management and planning.

MAD Technology Solutions cares about providing business value to our customers, not simply selling you a piece of hardware or software. You and your organization will receive the attention you deserve no matter how small or large the project or budget. MAD Technology Solutions maintains as its top priority the successful delivery of solutions and services that add value to your own unique business processes.

In our fast paced world of today, technology can be a tremendous challenge, but with the right solutions and services, it is also a significant benefit. So, when you and your organization think about technology, just remember:

Don't worry about technology...just get MAD

You can find MAD Technology Solutions online at <http://www.justgetmad.com>.
